Student ICT Equipment/Internet Use
Code of Conduct K-2 2023

*Peakhurst West Public School uses technology as part of the curriculum including the use of robotics, iPads and internet sites. Given that technology may be used in many different ways, it is important to agree to use the equipment appropriately. Students are expected to always be **Responsible**, **Respectful** and **Safe** learners.*

Breaking any of the following rules may result in the withdrawal of computer/technology privileges for a period of time. Breaches will be delt with as per the school's Discipline Policy.

ICT Equipment Use:
(ICT Equipment is defined as desktop computers, laptops, iPads, robotics, printers, smartphone, smart watches and any peripheral devices)
I agree to:

- **NOT** share my password with any other student
- **NOT** use any other student's password
- follow all teacher instructions when using equipment
- treat the equipment with care and respect at all times
- print only when instructed to by a teacher.

Internet Use:
I agree to:

- access websites and search engines appropriate to the task
- follow all teacher instructions when using the internet
- not share my personal details on any website
- **immediately** tell a teacher if I see anything that is inappropriate or unsafe.

Kind regards,

Rebecca Ingram   Sarah Murdoch

Principal   K-2 Assistant Principal

Please return this slip to your classroom teacher.

Student ICT Equipment/Internet Use
Code of Conduct 2023

I have discussed the above Code of Conduct with my child and agree that breaking any of the rules above will result in the loss of ICT equipment privileges for a period of time.
